

You Can Do It!

Family Learning Raising Aspirations

Our Family Learning programme is made up of flexible units based on five 'First Steps.' The units range from bespoke workshops, through to full courses with qualifications. This approach allows you to design your own programme in keeping with your organisation's priorities and enables you to meet the needs and interests of your parents.

In short, our team of experienced and well qualified tutors (QTS & Adult Learning) and partners can offer you:

Workshops:

Involving innovative curriculum approaches to
E.g. Early Years, Phonics, coding, maths, literacy, D.T. I.T. Cookery, First Aid, Science, Puppet making, Online safety.

Short 4-6 session courses:

Involving one or two units
E.g. Help your child with coding/Reading/Writing/maths.

Longer 12-18 session courses:

Involving 2+ units or Maths or English courses

Simply contact us with your individual requirements and together we will discuss and plan your bespoke programme.
